

Course title: Project Design and Management for Sustainable Development Practice			
Course code: MPD 129	No. of credits: 4	L-T-P distribution: 46-14-00	Learning hours: 60
Pre-requisite: Students who have completed the course on “Group Practicum: community needs assessment” (MPD 106)			
Department: Department Policy and Management Studies			
Course coordinator (s): Dr Swarup Dutta		Course instructor (s): Dr Ashutosh	
Course type: Core		Course offered in: Semester 3	
Course Description: The course aims at imparting to the students“ knowledge of principles of processes commonly used in project cycle management and the skills for effective application of such processes for sustainable community-drive development programmes. It covers the tools and techniques for identification, analysis, design, implementation monitoring and evaluation of programmes and projects from the point of view of all stakeholders.			
Course objectives: The course will develop the students understanding and skill sets of: <ul style="list-style-type: none"> • Identification of a holistic project concept that addresses immediate and long-term challenges and concerns through collaborative and participatory approaches. • Identification of data/information needed for preparing a feasible project proposal. • Synthesis of relevant information into a logical and cohesive project proposal which is feasible from all angles – technology, markets, inputs, institutions, management, environment, finance, and implementability. • Analysis of risks inherent in the projects and formulation of feasible risk management approaches as back-up solutions. • Identification of funding sources for long-term capital requirements and day-to-day working capital, and ability to liaise with the agencies for timely flow of funds. • Critical appraisal of projects by financial institutions and funding agencies. 			
This Course outline has been approved in the 56 th Academic Council Meeting on 10 th August 2023 at TERI School of Advanced Studies, New Delhi.
