Department: Department of Policy and Management Studies			
Course coordinator(s): Dr Sukanya Das		Course instructor(s): Dr Sukanya Das	
Contact details: Sukanya.das@terisas.ac.in			
Course type: Core		Course offered in: Semester 4	
<p>Course description: Master's Thesis requires the student to conduct meaningful and grounded research in economics with a focus on ecological, environmental and resource economics, the specialization of the MSc Economics program.</p> <p>The first three semesters of M.Sc Economics program are designed in a way to provide skills and sound knowledge in basic economic theory and its practices. The foundations of the thesis are laid down in the core course titled</p> <p>—Methods of Research in Economics (MPE 176; third semester). It takes the students through the entire spectrum of research design that begins with theories, concepts, frameworks and models and ends with a Research Proposal for a Masters' Thesis (Assessment 3). Ordinarily, the student will write a Master's Thesis based on this Research Proposal, under the supervision of faculty/external experts, as decided by MPEC of MSc Economics programme (see, Additional Information).</p>			
Course objectives: To provide the student hands-on training in research in Economics that results in a structured output within a time frame
