

Course title: Growth Economics				
Course code: MPE 182		No. of credits: 4		L-T-P: 60-0-0
Learning hours: 60				
Pre-requisite course code and title (if any): MPE111 (Introduction to Mathematical Methods in Economics) orequivalent				
Department: Department of Policy Studies				
Course coordinator: Dr Shantanu De Roy			Course instructor: Dr Shantanu De Roy	
Contact details: shantanu.roy@terisas.ac.in				
Course type: Core			Course offered in: Semester 2	
Course description: This course introduces theories of economic growth and their applications with an emphasis on application to India's economic growth. Dynamic macroeconomic models are used here to analyse the process of economic growth. Besides the models, other empirical tools will also be used to identify factors that lead to economic growth in India and other developing nations.				
Course objectives: 1. Understanding the factors that lead to economic growth of nation-states. 2. To equip the students with tools and techniques to appreciate and analyse dynamic macroeconomic models and empirical strategies that can explain the process of economic growth. 3. To foreground the role(s) played by the institutions, human capital and environment in the economic growth. Enabling the students to evaluate the application of concepts, theories and models in explaining India's economic growth.				
Course contents				
Module	Topic	L	T	P
1	Introduction; Cross country differences in Income; A narrative on India's economic growth	4	0	0
2	Harrod-Domar Model	4	0	0
3	Kaldorian and Kaleckian Growth Models	8	0	0
4	Solow Model	6	0	0
5	Solow Growth Accounting	4	0	0
6	Neo-Classical Growth Models: Introduction	6	0	0
7	Models with Overlapping Generations	4	0	0
8	Empirics: Cross-country Differences in Economic Performances	6	0	0
9	Endogenous Growth Models	6	0	0
10	Institutions and Economic Growth	4	0	0
11	Human Capital and Economic Growth	4	0	0
12	Environment and Economic Growth	4	0	0
	Total (in hours)	60	0	0
Evaluation criteria: 1. Test 1: Written examination (Modules 1 to 5) [30%] 2. Test 2: Assignments [10%] 3. Test 3 Written examination (Modules 6 to 12) [30%] 4. Test 4: Term Paper (Critical Literature Review) [30%] a. Task: Undertake a critical appraisal of literature on any topic listed in the syllabus. b. Structure of submission: A paper that consists of introduction; summary of the literature; critique of the literature with supportive evidence; application in Indian context, synthesis and conclusion. c. Indicators of assessment: selection of appropriate literature (weightage: 5%); clear and concise summaries (weightage: 30%); critique that is supported by evidence using author's calculations or by literature (weightage: 40%); effective introduction and conclusion (weightage: 10%); well-structured essay with no grammatical errors (weightage: 10%); and appropriate format of citations and references (weightage: 5%).				

Learning outcomes:

At the end of this course, students will be able to

1. Understand different macroeconomic models of growth. [test 1 and 3]
2. Appreciate empirical strategies in Growth Economics [test 2]
3. Identify factors that have influenced economic growth in India and the associated policy implications [test 1 and 3]
4. Understand the contribution of institutions and human capital to economic growth as well as limits of growth imposed by natural resources and environmental degradation. [test 3]
5. Assess the applicability of economic growth models in India and other developing nations. [test 4]

Additional information (if any):

Suggested journals—*Journal of Economic Perspectives*, *Journal of Development Economics*, *Journal of Economic Growth*, *Indian Economic Review*

Pedagogical Approach:

- Classroom teaching
- Emphasis on solving neoclassical growth models and calibration
- Replicating important empirical results through matrix programming languages like MATLAB/R

Student responsibilities: Attendance, feedback, discipline: as per university rules.

Course reviewers:

1. Prof. Chetan Ghate, Indian Statistical Institute, Delhi Center, 7, S. J. S. Sansanwal Marg, New Delhi, Delhi 110016
2. Dr. Mausumi Das, Delhi School of Economics, University Enclave, Delhi, 110007
