Course coordinator(s): Dr. Chandan Kumar		Course instructor(s): Dr. Chandan Kumar, Prof. Shaleen Singhal	
Contact details: chandan.kumar@terisas.ac.in			
Course type: Core		Course offered in: 1 st Semester	
<p>Course description</p> <p>This course is intended to provide students with an international platform to have exposure to global, contemporary, and state-of-the-art perspectives on critical public policy domains with a focus on sustainability. This platform would help the students to directly interact with experts from academia and industry including popular foreign university centres/schools/departments leading the education in public policy, and independent centres across various domains having important roles in public policy processes. The course will be delivered through five or six structured panel discussions on select thematic areas considering the mutually convenient period across time zones of the involved collaborators. This platform would open opportunities for students for further continued formal/informal interactions with external experts to develop or conceptualise ideas or policy research questions to carry out their requirements for developing a policy paper or writing dissertations in the following semesters of the Programme. On a mutual understanding or acceptance between the external expert and the student as per the specific guidelines of the Programme and the Institute, the student can get an opportunity to work under the mentorship of the external experts too.</p>			
<p>Learning objectives:</p> <ul style="list-style-type: none"> • To provide students with an understanding of key public policy issues and challenges of the global community and critically reflect on the context under discussion. • To develop the skills among students to summarise the debates on any thematic policy issues.
