Course description				
This is a core course in Marketing meant to build a foundation for students in the BBA Program. Marketing is a critical function that determines the health of an organization. Marketing is the set of activities designed to scan and identify market opportunities and plan to design price, promotion and the distribution of products, services and ideas that satisfy the needs of chosen target market(s). The Marketing Manager uses his range of marketing tools to transform the identified opportunities in a manner that achieves the organizational objectives.				
Course objectives				
This course is a fundamental course on marketing and develops the basic analytical skills, conceptual abilities, and substantive knowledge in marketing concepts like the marketing mix in a variety of real-life marketing situations. The objectives are:				
To provide an in-depth understanding of the marketing process				
To give students an appreciation of the global and domestic marketing environment.				
To develop conceptual understanding of the STP process in the Indian environment.				
To learn about all the elements of the marketing-mix				
To sensitize the students about new developments like Multichannel and Omni channel marketing				
To develop the ability to formulate a marketing plan

Group Project: Marketing News Presentation and Creating a Marketing Plan

Each group should be prepared to make a presentation of news related to marketing gathered over one week prior to its turn to present in the class.

Each group needs to select one product category from the suggested list. No overlap of product category within each section is permitted. Your group may take the perspective of an organization that is either a leader in the category or a follower or a new entrant.

Prepare a detailed report on the project. The report should be submitted in soft copy on my email.

Each group should be prepared to make a presentation project in the class. Time limit is 15 minutes per group.

Case Study discussion: A case may be studied keeping in mind the following:

a problem definition statement, which identifies the key issues facing management (not more than a few lines); the objectives alternative plan of action an analysis section which synthesizes and integrates the answers to the key questions for the case, but does not repeat the facts themselves, and presents logical arguments in defense of both the problem definition and the recommended solution; a set of detailed recommendations and suggestions for their implementation, including how to overcome any potential issues of implementation identified by the analysis.

Learning outcomes:

After attending this course, students will be able to:

- Develop an understanding of the role of marketing in the success of an organization (News presentation, Mid Term exam)
- Develop an ability to identify and assess strategic choices in marketing (Mid Term exam, End Term exam)
- Be able to propose innovative solutions to customer needs and continuous improvement of offerings (News presentation, Group Project)
- Be able to develop the Marketing Plan for any organization (Group Project, End Term exam)

Pedagogical approach

- Interactive Lectures
- Case discussions and presentations
- News crunching
